

## **CRITERIA FOR TEMPORARY WATER USE FROM COMMUNITY SYSTEMS**

The Pyramid Lake Paiute Tribe is concerned with the water use from community systems by Tribal members for service to the public for economic opportunity, therefore the Tribe hereby establishes certain standards to be used by Tribal members when temporarily using water provided from community systems. The Tribal member must show proof of the following standards before utilizing water provided to their site by community systems.

1. Types of Use: Temporary water use must be determined by Tribal member and includes car washes and public showers. Water may not be sold for drinking purposes or filling up tanks/containers to one individual larger than 2.5 gallons.
2. Car Washes: Hose backflow pressure devices are to be used, so the water is not left running between uses. Two containers are to be used for car washes. Each container should be 5 inches deep and 18 inches long. One container to be filled with soap for washing the car and the other to be clear water for rinsing the car. After this process is completed, the car can be rinsed off with the pressure hose and dried off by clean cloths.
3. Showers: This use can only be done at a Tribal facility. This use is not authorized to be done at anyone's home on the Pyramid Lake Indian Reservation. The facility is to observe cleaning and sanitary standards. At least one of the Tribal members of the group operating the public showers is to be certified in Blood borne Pathogens Training provided by the Pyramid Lake Paiute Tribe or another jurisdiction (i.e., Indian Health Service, county, city agency). After final use, the facilities are to be cleaned and sanitized according to one tablespoon of bleach per gallon of water or one fourth cup of bleach to five gallons of water.
4. Fee: The use fee for water being used by a Tribal member is one percent of the total sales received for the car wash or the showers. The Tribal member is responsible for remitting the water fee to the Tribal Finance Office and obtaining a payment receipt.
