The Higher Education Office would like to Thank and Highlight Mr. Devin Sampson-Craig. Devin is currently a student at the University of Washington, where he is studying American Indian Studies. Devin is an Actor, his recent film is Rez Ball, featured on Netflix-still streaming, he plays Bryson Badoni. A young man, going through his trials and tribulations, living on the Navajo reservation. Although fictional characters, the film is based on a true story of Navajo High School team, and the book, Canyon Dreams.

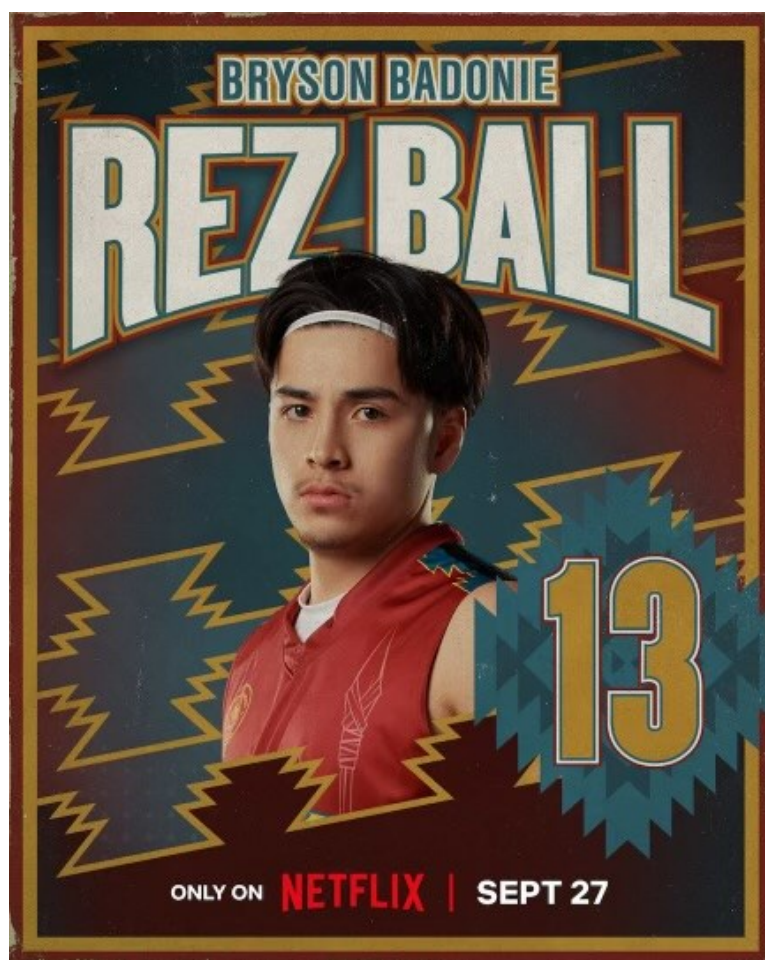

Devin also appeared in Guardian Ancestor, when he was 14 years old. It was a great pleasure to have Devin here at Pyramid Lake High School to speak to everyone about his films and his journey to where he is today. Devin is a well-spoken young man and focused on representing Native American culture and life in film as well as being a motivational speaker and speaking on his pod cast.

Devin is an enrolled Pyramid Lake Tribal member and also a descendent of the Yakima Nation. Devin grew up in White Swan, WA and attended White Swan High School, where he excelled in different sports, football, baseball and basketball. Devin comes from a long strong line of family on both sides. His Parents are Valerie Sampson and Ryan Craig. Siblings, Shariah Craig and Madison Craig. Maternal Grandparents, Tabatha Ladd and Johnny Sampson Sr. Paternal Grandparents, Kathyn and Richard Craig. Maternal Great Grandparents, Walter and Irene (Whitefoot) Ladd, Phelan Sampson, Carmelita Sampson and Dewey Sampson Jr. Paternal Great Grandparents, Henry and Theresa Flander, Elmer Craig and Frances Duffey. Maternal Great-Great Grandparents, Wilson and Elsie Whitefoot, Clyde and Lottie Ladd, Dewey and Maude Sampson

Sr. Erwin and Olive Weiser. Paternal Great-Great Grandparents, William Flander and Alma Olney. Devin has a rich ancestry and we very proud he was able to represent Pyramid Lake and put us on the map! Students from all over different reservations and colonies came out to hear Devin speak. He was very gracious to sign pictures, shoes, basketballs, posters, and to take pictures with those who patiently waited for him.

Devin's plans in the future is to continue on his path, to complete school as take on more roles in films as they come his way, which we are sure they will. Devin shared with all the people who attended back in October, the challenges he has faced. Leaving the reservation and going to school was a big challenge, but he credits the support he has from his family and his people. Playing a significant role like he did in Rez Ball was also a challenge but important to the film, he spoke to the choices we all face every day. Devin encouraged the students to set their goals and challenge themselves, to not be afraid to step outside the reservation life, create yourself more opportunities. He has definitely done that and we wish him nothing but the best in his future.

Thank you Devin.

2024 Tribal Election Campaigns from our Candidates

ELECT MERVIN WRIGHT JR. TRIBAL CHAIRMAN

Accomplishing solutions is better served through teamwork, by sharing ideas, listening, and applying common sense. It's best to hear all sides of an issue, realize the outcome, and decide to move forward. Through our lifetime, we learn to be open minded, considerate to all perspectives, and continue to learn.

Society presents challenges to our ways of life, as diverse our lifestyles be, preparing for extreme results provides the means to be reasonable and logical. Simple solutions normally provide the greatest good.

Family trauma affects each of us differently. Clinical services are needed to help us all, for all generations. Trusted services, if available, need to be publicized to inform as an invitation to our tribal community.

As a fishery culture, my loyalty is to our fish, to our lake, and to our water. Our primary resource representation must be with our tribal membership. Establishing control is trusting our own ability.

The PLPT 5-year strategic plan is a formidable outline toward increasing and improving services to our tribal communities. By analyzing tribal revenue, assuring funding support is critical for implementation.

Our trust investments require constant monitoring to ensure the highest income return. Proper management for tribal economic development must accord with the PLPT Economic Development Plan.

Being informed is satisfied with revelation. Putting aside personal differences to accept the importance of protecting our People, our resources, and our interests is our priority. Learning to cope is a necessity.

The federal trust responsibility requires engagement to ensure proper respect to tribal authority, its responsibility, and its sovereignty. Accepting tribal interest is our respected responsibility and duty.

Experience:

- tribal governance
- tactful federal-state relations
- tribal service management
- tribal resource management
- negotiation – tribal resources
- sovereign jurisdiction
- protecting tribal interests
- congressional testimony
- facing adversity
- tribal representation
- self-reliance and self determination
- effective leadership

Knowledge:

- ancestral past
- traditional knowledge
- proper communication
- cautious preparation
- responsible law enforcement
- collective teamwork
- impartial and fair
- tribal law and custom
- technical application
- respect diversity

To my fellow Tribal Members of Pyramid Lake,
I, Steven Wadsworth write to you in appreciation and wellbeing.

I am seeking reelection to be your Tribal Chairman for the next term. After the previous Chairman resigned, I had to do my duty and step up to fulfill the remainder of his term. It has been a quick and wild 9 months in office. During my short time as your Chairman many projects that were carried over from previous terms have been completed. Such as, starting and completing the Secretarial Election and finishing the Sutcliffe internet to the home project. I am especially proud of the work that it took to complete the internet project for Sutcliffe as I have been an advocate on the Council and an employee working on that project for over 7 years. With your help and participation in the Secretarial Election, we succeeded in ensuring that ALL Tribal Members 18 and over get to vote in our elections. Projects like these take time and effort from all of the staff that work for the Tribe, as well as Tribal Council. It is because of our combined efforts and dedication that I was able to guide them on the path to success and completion. I will not rest on these accomplishments if you choose me as your next Tribal Chairman.

The work continues as we still have many projects that need completing. Including:

Nixon and Wadsworth internet access through our fiber optic system;

Negotiations for easements with NVEnergy, the State of Nevada and Solar Projects;

Completing the Wadsworth Bypass road.

I believe that I am the best choice for the future, as I represent our collected interests for that future. I must actively work on correcting mistakes from the past, ensuring that policies and procedures are being enforced, and representing the Tribe in a good light.

Whether that is by meeting with leaders from other Tribes, caring and showing respect for our Elders, being interviewed for documentaries and news, or speaking to a crowd of 2,500 people. Every single one of these examples are what I have done in my 9 months as your Chairman. I look forward to continuing progress for Communities and protecting our sovereign rights as Native people.

Thank you and a vote for Steven Wadsworth is a vote for continued completion of projects, protection of land, water, Fisheries, people and meaningful representation both at the local level and national level.

Take care of each other and Happy Holidays!

2024 Tribal Election Campaigns from our Candidates

My name is Brian Wadsworth, and I am running for Pyramid Lake Paiute Tribal Vice Chairman. I was born and raised in Wadsworth. I currently live in my grandma Dow's house in Nixon, where I have resided since May 2023. My mother is Berneys Wadsworth and my father is William Wadsworth, Sr. My paternal grandparents are Genevieve and Leonard Wadsworth. My maternal grandmother is Juanita Ross. I am running for Tribal Vice Chairman, because I want to make a positive impact and change for our Numu-today and for our next 7 generations. Since the last time I was on Tribal Council, I have devoted my time in serving our people throughout the state and country, and advancing my education.

I earned my Bachelor of Science degrees in Business Administration and Accounting from the University of Nevada, Reno, and a Master of Business Administration in American Indian Entrepreneurship from Gonzaga University.

I currently work remotely as the Financial Director for Native Public Media (NPM). NPM is a Native-led non-profit that works with a network of Tribally-licensed radio and television stations throughout the country on various broadcasting matters. As the Financial Director, I direct NPM's fiscal management, investment management, and work with Tribally licensed radio stations on their financial compliance. With NPM, I have devoted my time in advocating for the Federal Communications Commission's rulemaking for the Missing and Endangered Persons Event code. This event code is important for the protection of all our Indigenous relatives. I am fortunate in my position to get to travel all over the country to different Reservations, give presentations at various conferences, and engage with Tribal leaders and federal and state agencies.

I have the honor of serving as Board Treasurer for the American Indian Alaska Native Tourism Association; Vice-Chair for Nevada's Indian Territory; Commissioner for the Pyramid Lake Paiute Tribe's Tax Commission; and, Vice-President of the University of Nevada, Reno-Native American Alumni Chapter. I also had the honor to serve on the Commission for the Nevada Department of Native American Affairs (formerly known as the Nevada Indian Commission) from 2018 to 2024.

For the past two years, I have volunteered with the Sacred Visions Pow Wow Committee and have taken the lead on directing the Sacred Visions Royalty Pageant. During my time volunteering with the Sacred Visions Pow Wow Committee, I have helped raise over \$15,000 from the Pageant; successfully wrote a grant to secure over \$6,000 from the Fernley Convention and Tourism Authority, as well as bringing in community partners; and providing ribbon skirts and school supplies for all our contestants.

Over the past several years, I have made it a point to attend as many Tribal Council meetings as possible to keep myself informed about what is going on with our Tribe. One major recurring issue is the financial health of our Tribe. Most recently, the Tribal Council approved a 20% budget cut to all Tribally funded programs. This could drastically affect the services provided to our people. With my accounting and auditing background, it would help get our Tribal finances back under control. It makes it difficult for the Tribal Council to make informed decisions if they do not know how much money they actually have in their bank accounts. I would like to propose the Tribal Council follow the Constitution and appoint a Tribal Treasurer to work with the Comptroller.

If elected, I will advocate for our Numu to have an ongoing annual distribution for our membership from the interest monies from the Economic Development fund. I feel it is time for our Tribal leadership to think our people and help our people-both on and off Reservation. In addition to this annual distribution, I would advocate for projects to promote economic development on the Reservation. A travel center was green lit by the Tribal Council several years ago, but has not happened; the new Wadsworth Bypass Road project could spark economic development of an Industrial Center; we could use the amazing asset of the fiber optics to get a data center; and, we could also expand our tourism efforts on the Reservation. There are a lot of other areas the Tribe could go, but it takes a Tribal Council with vision and not afraid to take a chance. The economic prosperity of the Tribe benefits all of our membership and is endless.

I am an animal advocate. I would like to work on ways to get free spay and neuter and vaccination clinics for our animals. We also need to take care of our Elders. I would like to advocate for more services for our Elders. This could be in the form of advocating for more funding for our Numaga Senior Center, and ways to provide services for our off-Reservation elders.

If elected, I would like to create an environment of positivity and team work. Our Tribal Council works best when everyone is on the same page and working towards a common goal. I have a diverse background in accounting and finance; I have extensive experience in working with Tribal Leaders and Federal and State officials; and, most importantly, I am passionate about advancing our Numu and protecting all our resources and Kooyooe. A vote for me would be a vote for someone with a vision for our Numu and willing to speak up when necessary and hold our Tribal Leadership accountable and be a strong advocate for all of our membership.

Sacred Visions Royalty

What it means to be Miss Sacred Visions

Aurora Mashburn

My name is Aurora Morning Song Mashburn and I am 14 years old. I am an enrolled member of the Pyramid Lake Paiute Tribe and Owens Valley Paiute in Bishop California. I am a freshman at Pyramid Lake Jr./Sr. High School. I am the daughter of Rebecca Dodd from Pyramid Lake and Buffy Mashburn from Bishop, California. My grandparents on my mother's side are Mary Dodd and Gordon Dodd, and my grandmother on my father's side is the late Ruth Dewey Cypher. I am currently the Miss Sacred Visions Powwow Princess 2024-2025 and have had my crown since July. I have had an amazing experience so far with my crown. I absolutely love representing my tribe, my people, my family, as well as the RSIC UNITY and RSIC Powwow Club. When I decided to run for my title, it was late January of this year. I felt it would be an honor to represent Sacred Visions, my Tribe and be an ambassador for my peers. I also wanted to do something that was out of my comfort zone. I have met some

incredible people on my new journey and have learned so much about myself. I have made new friends with others who carry different titles and crowns, and I'm very grateful for the support and encouragement we have given each other. It's so important to me to uplift others and carry myself in a good way.

“What it means to be Miss Sacred Visions.”

Hello, my name is Mila Yellowhair, and I am 3 years old. I am from Reno, NV, and my parents are Justina and Sonny Yellowhair. My favorite activities are reading books, dressing up, playing with barbies, going to ballet class, singing and dancing. My mom has taken me to pow wows since I was a baby, and my big sister teaches me how to dance and sing hand drum songs. I perform at various events with the Reno/Sparks Indian Colony Dance Group. I have had so much fun this past year representing as the Sacred Visions Tiny Tot Princess. I traveled to many places and performed at many events and conferences. I even had the pleasure of meeting Governor Joe Lombardo, Secretary Deb Haaland, and Olympic gold medalist, Billy Mills. I

learned leadership skills, like speaking in front of a large crowd and dancing in the front of grand entry, leading the dancers in. I am excited for the next year of my reign.

If you are age 18 by December 31, 2024, and on the approved list of eligible Pyramid Lake Paiute Tribal members per Resolution PL#34-18, then you are eligible to apply for the Minor's Trust. (See Resolution on our website at plpt.nsn.us/enrollment). This is for those enrolled as a Pyramid Lake Paiute Tribal member and living as of April 6, 2018.)

- Minors will have up to six years to complete their forms and claim their economic stimulus payment. The deadline to submit your forms for this 4th Quarter of 2024 is on the last Tuesday of December 2024. Applications received by 12/31/24 will be processed and forwarded to the Trust the next business day.
- Tribal members under the age of 18 will have their economic stimulus payment placed in a trust account to be managed by the Trust until they reach 18 years of age.
 - Members who will receive their payment from the Minor's Trust can expect distributions within one month after the end of the calendar quarter (March, June, September, or December) after they return the completed and signed application.
- Members who have an account in the Minor's Trust will have six years to claim their economic stimulus payment, from the date of their 18th birthday.
- For more information on the 2018 Economic Distribution Minors' Trust, please see our website at: plpt.nsn.us/Enrollment

1. Funds will be received at least 1-2 months after quarter deadline. Please plan accordingly.
2. All Minors' Applications are processed at the same time – turning in a form earlier than the deadline doesn't ensure a faster result.

NOTE: **You may turn in your form earlier, but it will be held until the appropriate Quarter Deadline your birthday falls under.**

3. The whole process goes from receiving and verifying your information with our PLPT Enrollment office, which includes verifying Enrollment numbers, social security numbers and updated addresses. The paperwork is then submitted to the Trust Company, where it is then processed there for at least a month. The Trust Company then submits their completed forms to the Bank, and after verification with the bank, your money will THEN be distributed – this sometimes takes up to 1-2 MONTHS. Please plan accordingly, and expect that your money will arrive 1-2 MONTHS **after** the Quarter Deadline.
4. The Trust company will contact the PLPT office for more information according to their standards – your contact information needs to be legible just in case we need to reach you. If you can't be reached, your form will be held until you contact us.
