*Calix Migration of Internet Service
Subscribers on the Tribal Network from Digital Technology Solutions to Tribal Management*

RESOLUTION OF THE TRIBAL COUNCIL OF THE PYRAMID LAKE PAIUTE TRIBE NIXON, NEVADA

WHEREAS, the Pyramid Lake Paiute Tribe is organized pursuant to the provisions of Section 16 of the Indian Reorganization Act (25 U.S.C. § 476) and is federally recognized by the United States Government through the Secretary of the Interior and the Bureau of Indian Affairs; and

WHEREAS, the Pyramid Lake Paiute Tribal Council is the duly constituted governing body of the Pyramid Lake Paiute Tribe by the authority of the Constitution and By-Laws of the Tribe approved by the Secretary of the Interior on January 15, 1936; and,

WHEREAS, the Pyramid Lake Paiute Tribe determines that the contact and financial information of the tribal subscribers and non-tribal subscribers who receive Internet Service through the Tribe's network needs the Tribe to ensure that this information remains confidential, and,

WHEREAS, the Internet Service subscribers need to be provided the best support to maintain quality of service, and,

WHEREAS, the prior partnership with Digital Technology Solutions to provide this billing and technical support service is being terminated due to the inability to agree on new terms required by Digital Technology Solutions. This proposal deviated significantly to the previous terms agreed to by Tribal Council in 2024 in both costs to the Tribe and control and operation of the Tribe's network, and,

WHEREAS, the Pyramid Lake Paiute Tribe needs to migrate all technical and billing services to the control of the Pyramid Lake Paiute Tribal Technology Services Department, operating as the duly appointed representative of the Pyramid Lake Paiute Tribe, and,

WHEREAS, the Pyramid Lake Paiute Tribal Council acknowledges that Calix is the manufacturer on record of the equipment and software being deployed to provide Internet Services to the community, and their expertise in this process makes it important that they be retained to migrate this technical and operational data to ensure that the result ensures that it will be done properly so the Internet Services subscribers quality of service, data security and confidentiality can be maintained.
